RE: Class of 1980 30-Year Reunion

Orem High School has established a long tradition of exceptional community involvement, school spirit, and student achievement. The members of the "Awesome Class of 1980" comprised the largest graduating class from the original Orem High School. Our class members continue to provide outstanding service as community and business leaders in Utah County and throughout the world. Though our alma mater has been razed this summer, our school spirit continues to run strong.

We will be hosting our 30-year class reunion on August 14th on the campus of Utah Valley University. We expect to see nearly 200 class members and spouses, many who live in or near Utah County. It is our goal to honor the values demonstrated by our class members in their community organizations, government, education, commerce, law enforcement, and entertainment.

With this in mind, we respectfully solicit your support as a local merchant by means of an article or service that organizers may present as a door prize – or a cash donation to support the purchase of small door prizes for awarding throughout the event. We will prominently display your company name and location during our event and mention our gratitude at the presentation of the door prize.

Although operating as a not-for-profit organization, we are unable to register as a legal non-profit entity. Be assured, we will use your contribution of merchandise, cash, or services only as a reunion door prize and <u>never</u> in class fundraising efforts.

Thank you for your consideration of our request. If you are able to contribute, please include an official business logo graphic for printing in our reunion program. On behalf of the Awesome Class of '80, I extend my personal gratitude to you as a local supporting merchant.

Respectfully,

Douglas M. Merrill
OHS Class of 1980 Reunion Chairman
